Bumper and Trim Black

Bumper and Trim Black permanently recolors and protects all black plastic, vinyl, and rubber surfaces. Bumper and Trim Black is a polymer-based dye, not silicone-based, so it's totally safe in the body shop.

Benefits:

- Dries completely. Will not leave an oily residue like most other rubber reconditioning products.
- Covers ugly wax buildup on textured black plastic and rubber surfaces. There's no better way to dress up bumper trim and rub strips!
- Will not fade after repeated car washings.
- **Many possible applications!**

<i>Bumpers</i>	<i>Bed Liners</i>
<i>Moldings</i>	<i>Kick Panels</i>
<i>Tires</i>	<i>Carpets</i>
<i>Hoses</i>	<i>Mirrors</i>
<i>Mud Guards</i>	<i>Spoilers</i>
<i>Wheel Wells</i>	<i>Consoles</i>
<i>Door Handles</i>	<i>Grilles</i>

Application:

- Clean surface to be recolored with soap and water and Urethane Supply's 1000 Super Clean plastic cleaner.
- Use built-in foam applicator to coat the area to be reconditioned with Bumper and Trim Black. Allow 15 to 20 minutes to dry.

3400 Bumper and Trim Black

Dimensions: 7.75 in. high x 2 in. diameter
(19.7 cm x 5.1 cm)

Weight: 0.70 lb (316 g)

Contents: 8 fl. oz. (236 ml)
